

Newsletter January 2026

What is Adventuring Angels? We are a small 'not for profit' social enterprise working to extol the benefits of embracing the great outdoor to support positive mental and physical health for all communities.

We work out and about South Yorkshire and further a field, as well as continuing to develop Adventuring Angels HQ, in Denaby Main.

What do we do? We facilitate sessions from Family Fun sessions to Wellbeing Team Days and Volunteering. Hold wellbeing weekends further afield and can facilitate parties and celebrations, as well as working to meet specific community need for example gardening projects in schools, walking groups and much more.

Over the past couple of years we have welcome volunteers from the business world, some of whom return each year. These are namely Aalberts Piping Solutions, Volkerrail, Grapple, St Ledger Homes, HSBC Bank. We have plenty of project work and tasks to support volunteering hours. Email if you are interested in arranging your special time.
